I am Sacrifice. Pen my
words into thy tome of
love and it will be more
complete.

Sacrifice is the courage
to give of oneself in the
name of love.

Just as the poor feed
their children before they
eat, noble acts in this
life are rewarded

Karma saves the
sacrifices we make return
to us threefold.

It is said: to give of thy
life's blood so that
others may live is a
virtue of great praise

Watch for the sacrifices
others make for thy. It
is in noticing the small
things we are great.
